

| Date | Time | Track | Presentation Title | Speaker |
|-------|------------------|--|---|---|
| 5-May | 07:30 - 08:30 AM | Advances and Challenges in Forensic Research | Keynote Presentation: Forensic Genetic Genealogy, a Revolutionary New Tool for Solving Cold Cases | Colleen Fitzpatrick, PhD Founder, Identifinders International |
| 5-May | 09:00 - 10:00 AM | Forensic Research: From Evidence to Testimony | Keynote Presentation: Forensic Evidence; From Scene to Lab to Court | Henry C. Lee, PhD Chia Professor, University of New Haven Chief Emeritus (ret.), Connecticut State Police Director, Research & Training Center |
| 5-May | 10:30 - 11:30 AM | | Designer benzodiazepines and pregabalin. A lethal combination | Nigel Brown, PhD, FIBMS, FRCPath, MRSC Consultant Clinical Scientist, Toxicology, Wansbeck General Hospital |
| 5-May | 12:00 - 01:00 PM | | How to improve seized drug analysis workflows and throughput with fast, specific analysis by direct ionisation mass spectrometry? | Francis Diamond Senior Staff Scientist, Center for Forensic Science Research and Education (CFSRE) - USA |
| 5-May | 12:00 - 12:45 AM | Advances and Challenges in Forensic Research | A comprehensive look at decomposition odor research and the impact of COVID-19 on studies | Katelynn Perrault, PhD Assistant Professor of Forensic Sciences and Chemistry, Laboratory of Forensic and Bioanalytical Chemistry, Forensic Sciences Unit, Chaminade University of Honolulu |
| 5-May | 12:00 - 12:45 AM | Application of Analytical Methods in Forensic Sciences | Combining Morphological and Chemical Identification for the Interrogation of Forensic Traces | Brooke Weinger Kammrath, Ph.D., D-ABC Assistant Director, Henry C. Lee Institute of Forensic Science, Associate Professor, Forensic Science Department |
| 5-May | 12:00 - 12:45 AM | Forensic Research: From Evidence to Testimony | Forensic Pathology, From Crime Scene to Courtroom: Evidence to Testimony | Cyril Wecht, M.D., J.D. Forensic pathologist and Medicolegal Consultant |

| | | | | |
|-------|---------------------------|--|--|--|
| 5-May | 12:00 - 12:45 AM | Advances and Challenges in Forensic Research | Forensic Science Education in the COVID Era: Challenges, Victories and A Novel Pedagogical Approach for the Future | Nicole M.M. Novroski, PhD Assistant Professor & Forensic Geneticist, Forensic Science Program (Dept of Anthropology), University of Toronto Mississauga |
| 5-May | 12:00 - 12:45 AM | Advances and Challenges in Forensic Research | Identification and Interpretation of Fly Pattern Evidence at Crime Scenes | David Rivers, PhD Professor of Biology, Director of Forensic Studies, Graduate Director, Forensic Pattern Analysis Department of Biology, Loyola University Maryland |
| 5-May | 12:00 - 12:45 AM | Application of Analytical Methods in Forensic Sciences | Leveraging Bioinformatic Resources to Better Tackle Challenging Biological Substrates and DNA Profiles | Frank Wendt, PhD National Institute of Mental Health NRSA Postdoctoral Fellow, Department of Psychiatry Division of Human Genetics, Yale School of Medicine & VA CT Healthcare System |
| 5-May | 12:00 - 12:45 AM | Application of Analytical Methods in Forensic Sciences | Microbiomes after Death | Jennifer Pechal, PhD Assistant Professor, Department of Entomology, Michigan State University |
| 5-May | 12:00 - 12:45 AM | Application of Analytical Methods in Forensic Sciences | The Opioid Crisis - Challenges for Forensic Toxicologists | Karen Woodall, PhD Assistant Professor and Forensic Toxicologist Forensic Science Program, University of Toronto |
