

| Date  | Time                      | Track   | Presentation Title  | Speaker  |
|-------|---------------------------|---|---|--|
| 6-Nov | 06:00<br>-<br>07:00<br>AM | Structure and Function of the Influenza Virus                 | Understanding the Pathogenesis of Human Influenza Virus: A Systems Virology Approach                                    | Rafael Medina Silva, PhD<br>Associate Professor, Laboratory of Molecular Virology, Department of Pediatric Infectious Diseases and Immunology, School of Medicine, Pontificia Universidad Catolica de Chile      |
| 6-Nov | 07:30<br>-<br>08:30<br>AM | Control and Prevention Strategies for Influenza               | Toward a universal influenza virus vaccine  | Adolfo Garcia-Sastre, PhD<br>Professor, Departments of Microbiology and Medicine, Tisch Cancer Center Icahn School of Medicine at Mount Sinai  |
| 6-Nov | 09:00<br>-<br>10:00<br>AM | 2019 Epidemic and Future Pandemics                            | The 2019 Flu Season: Protecting your health and the health of your family   | Lynn Goldman, MD, MPH<br>Michael and Lori Milken Dean of Public Health, Milken Institute School of Public Health, The George Washington University   |
| 6-Nov | 10:30<br>-<br>11:30<br>AM | Impact of Influenza Beyond Outpatient and Inpatient Treatment | Drug discovery and pharmacology of antivirals targeting drug-resistant influenza viruses                                | Jun Wang, PhD<br>Assistant Professor, Department of Pharmacology and Toxicology, College of Pharmacy, University of Arizona  |
| 6-Nov | 12:00<br>-<br>01:00<br>PM | Structure and Function of the Influenza Virus                 | A dose of the flu: influenza's variable virus particles   | Edward Hutchinson, PhD<br>Research Fellow (Centre for Virus Research), University of Glasgow   |
| 6-Nov | 01:30<br>-<br>02:30<br>PM | Control and Prevention Strategies for Influenza               | Challenges towards a Universal Influenza Virus Vaccine  | Peter Palese, PhD<br>Professor and Chair Department of Microbiology, Professor in Department of Medicine and Infectious Diseases, Icahn School of Medicine at Mount Sinai  |
| 6-Nov | 01:30<br>-<br>02:30<br>PM | Impact of Influenza Beyond Outpatient and Inpatient Treatment | Impact of the cobas Liat® Flu Assay on Clinical Decision Making in the Emergency Department Setting (Clade Study Group) | Glen Hansen, PhD<br>Assistant Professor, Division of Infectious Diseases, Department of Pathology & Laboratory Medicine, University of Minnesota, and Director of Clinical Microbiology, Hennepin Medical Center |
